

**3 IN 1 HYPO-ALLERGENIC LAUNDRY  
BY HAND AND IN THE WASHING MACHINE**

- A) By hand
- B) Softener
- C) Enzymatic
- D) Hypo-allergenic, anti-limescale with anti-odor technology.

It is a new concept detergent for washing in cold water or at low temperature of all types of fabric (colored, white, black, cotton, hemp, linen, silk, wool, delicates, acrylics, etc.)

- It is used at low temperature (30 °)
- Reduces washing times and energy costs
- Keeps colors unaltered
- Gives softness to fabrics
- Hydrolyzes proteins by breaking them into smaller fragments that are easily eliminated
- Removes the most stubborn stains of grease, oil, blood, lard, butter, lipstick, sebum, starch, pasta, rice, potatoes, sauce, baby food
- Removes lint
- It has an enzymatic action in synergy with surfactants
- Eliminates limescale deposits both on the machine and on the fabrics

**EFFECTIVE ON OVER 100 TYPES OF STAINS**

**ADVANTAGES**

It penetrates the fibers, eliminating the residues of starch and cellulose that act as an adhesive for other dirt, thus guaranteeing an impeccable clean;  
Excellent value for money
