**FIELDS OF**

**VEGETABLES CLEANER is**

**EMPLOYMENT:**

Processing of fruit and citrus fruits.  
Specific product for the washing process of fruit and vegetables, before their packaging.

**BENEFITS**

It cleans deeply.  
It doesn't leave unpleasant flavours like in the case of are used products with a base of chlorine. It reduces notably putrefaction's danger.  
Extends the life of the finished products on display counters.

**FRUIT AND VEGETABLES CLEANER** is a detergent concentrated solution with sanitizer based on glycine amino quaternized. a new active principle of the amphoteric family that behaves in a manner similar to quaternary ammonium salts. But with the advantage not to leave traces once rinsed. Its special formulation (surfactants and sanitizers), allows to remove chemical fertilizers and residual fungicides, marks of parasites and pollution from fruits and various vegetables before packaging.

**FRUIT AND VEGETABLES CLEANER** works in a big range of action against a vast variety of bacteria, ferments and fungi.

**FRUIT AND VEGETABLES CLEANER** It can works in a large range of pH and with an ample rang of temperature.

The products treated with **FRUIT AND VEGETABLES CLEANER** remain without marks of detergents because the hygienic action, developed from the glycine amino quaternized, is synergic with the cleansing action that breaks up the dirty from the surfaces. On the other hand it attacks It attacks the bond that creates the oils emulsifiers used in pesticides to seal the active ingredients contained therein.

Such action has the advantage to disperse in the mass of the washing water all the pollutions that come from the agricultural cultivations. In the following rinse, the products will be without any trace.

**USE:**

**FRUIT AND VEGETABLES CLEANER**, we suggest to use it to the 0,1% dosing it in the wash tank; it is opportune to install an automatic system for the dosing, constituted by a dosing- pump with a water-meter. Our technical service can give you the opportune indications.

For a synergic action of **FRUIT AND**

recommended the use of **PEROXY** to the

0.05%.

- type -Detergent with sanitizer
- Flammability -Flameproof
- Toxicity -Light toxicity in solution with water. Don't swallow
- Smell -Typical
- Colour -Light yellow

pH  
-8.7+/-0,5  
Composition  
-Surfactant and scattering agents added with biodegradable sanitizer.
