

## REN-O-GROUT SC

CONCENTRATE AT HIGH PERFORMANCE FOR TILES, ACCESSORIES IN CHROME OR PORCELAIN ENAMELED STEEL.

RENEWING SURFACES WITHOUT DAMAGE IN THE MAXIMUM SAFETY

## USES

The deep and secure cleansing action of REN-O-GROUT SC quickly cleans and restores the original color of the tile in the bathrooms, in the locker room, in the shower rooms, kitchens and wherever hygiene is a problem.

REN-O-GROUT SC has a fantastic cleaning power, cleans and does not damage surfaces.

REN-O-GROUT SC due to its special adhesive formula thoroughly cleanses: showers, sinks and sanitary pieces in general and melt unsightly lime scale deposits.

## ADVANTAGES

The use of REN-O-GROUT SC, non-toxic, is harmless for the accessories chrome or porcelain enameled steel.

REN-O-GROUT SC does not contain muriatic acid that can attack or stain porcelain chrome surfaces, stainless steel, and ceramics. It is 100% safe when used, as the oxygen given off performs a sanitizing and not harmful action for the operator.

REN-O-GROUT SC is in compliance of the specifications of the 155/97 law called "Law hygiene."

It is non-irritating and has a pleasant smell. Since REN-O-GROUT 100 does not contain corrosive acids that generate acrid smoke, it does not irritate the skin and the mucous membranes. Thanks to its pleasant smell REN-O-GROUT SC is very appreciated by operators.

REN-O-GROUT SC is a mixture of powerful detergents, harmless to humans, and hydrogen peroxide. With his penetrating agents it is actually able to break the bonds of dirt and remove it by lifting it from below. It attacks the dirt, scum, soap residues, rust stains and organic dirt with a deep cleansing action.

Completely biodegradable, it does not harm the environment . It is very effective at high dilutions.

## SUGGESTIONS FOR USE

For cleaning in the normal maintenance dilute one part of REN-O-GROUT SC with  $\frac{3}{4}$  parts of water for ceramic tiles . Dilute it 1/1 for mortar for heavily soiled (interstices of the tile). it can be used pure to renew old mortar joints by using a stiff bristle brush on the entire surface of the tile and mortar. Wait until the penetrating action of the product breaks down the dirt bonds.

CAUTION do not use REN-O-GROUT SC on magnesium, zinc and some types of plastic laminates.

FEATURES - COD. 51D61

Type - Solvent-based bleaching hydrogen peroxide

Flammability - not flammable

Toxicity - The concentrated product is harmful if swallowed

Smell - Sweet

Colour - Colourless

pH - In solution 1 to 10 pH 2.9

Composition - Hydrogen peroxide, emulsifying agents, penetrating biodegradable organic solvents.
