**P. I Cod. Fis.: 04895670828** E-mail [posta@cititalia.com](mailto:posta@cititalia.com) siti : [www.cititalia.com](http://www.cititalia.com) - [www.supereco.it](http://www.supereco.it)

**WHERE TO USE IT:**

Breedings of dairy animals.

**BENEFITS:**

**UDDER POST-MUNGITURA** has been studied to resolve all that infectious problems that can happened after the milking.

**UDDER POST-MUNGITURA** is a film-forming solution with sanitizing broad spectrum Ready for use.

Its special formula with distilled water and calendula of amamelis, improves the process of healing of small wounds that may be found on the nipple tissue.

Its active ingredient (GLYCINE AMINO quaternized FORMULA 1-BLUE - TRICLOROSAN FORMULA 3-RED are notoriously effective in the control of numerous micro-organisms capable of inducing mastitis (Staphylococcus aureus - Streptococcus agalactiae / disgalactiae / uberis).

Its activity against the bacteria is rapid and extends the action for a long time after the application (since the following rinse out).

These characteristics, together with an almost void tendency to cause irritation of the nipple tissue, make **UDDER POST-MUNGITURA** ideal in post-dipping treatment in the milking room

**SUGGESTIONS FOR USE:**

After the **pre-dipping treatment** with our other speciality **UDDER-pre-mungitura** (sanitizer bath before the milking). It is better to do a deep rinse with water before to start the milking, and to dry with a paper napkin.

**Post-dipping Treatment** with **UDDER post-mungitura** (sanitizer bath after the milking). Make a deep washing of the udder after the milking and a following rinse.

Immerse the nipple in a bath of **UDDER POST-MUNGITURA** for you to form a protective film on the same.

**UDDER POST-MUNGITURA** is ready to use.

**How to proceed:**

1. **Frothing before the milking with UDDER pre-mungitura**  
Rinse with water and to dry with a paper napkin.

**2. Milking**

3. **Hygienical bath after the milking with UDDER pre-mungitura**  
Rinse with water

4. **Protective film**

**Immerse the nipple in a bath of Udder POST-MILKING**

**CHARACTERISTICS - COD. 51D310**
